

Did you know?

In order to maintain our North Carolina PTA status, we need participation. The PTA relies on membership to keep us afloat here at Olive Chapel Elementary. For the 2012-13 school year, we were in danger of losing the PTA because we only had 9% membership. After sharing this vital information with parents, our membership goal was met by reaching over 20% putting us above other neighboring schools in the area. We need to keep this momentum going. The PTA provides the fundraisers that support our teachers and schools needs to be able to teach our children. The school budget alone can not do this. So join today and be part of the OCE PTA family. Together we can make a difference in our school.
